# TIPS FOR BUILDING A SYSTEM FOR SUCCESS

"The future depends on what you do today." - Mahatma Gandhi

**A Vision:** Refresh your personal and professional 10-year vision.

➔ Plan [whitespace](#) to access your dreams and ambitions.

**A Destination:** Get clear on your [strategy](#), goals and leadership brand.

➔ Write a success statement and goals. A vision or plan without goals remain just that, so write your future.

**Prioritize Success Drivers:** Identify the systems, processes, and attributes to leverage.

**An action plan:** Consider how you prioritize planning around items like these:

➔ Time Management: [Taming your busy world](#)

➔ Personal Care: [Four cornerstones of health](#)

➔ Leveraging a Team: [Build a high-performance team](#)

➔ Professional Development: [An investment strategy of you](#)

**Measurement:** Create qualitative and quantitative measures of success.

➔ Refer and refresh leadership assessment insights: [Leadership Diagnostics Report and Action Plan](#)

**Evaluation:** Check and re-check with self-assessment and feedback, formal and informal.

➔ Collect feedback to validate strengths and development areas: [Custom Feedback Work](#)
